Yes, that's why I forwarded this initial draft. I assumed that you, Sandy, and probably Shaun would want to review it before any response goes out.

Thank you,

Joe

Hi, Bill and Martin:

I am forwarding this for your information. I already responded to Victor that I think the draft response looks fine and that – barring any direction to do otherwise – it is fine to have it go out under Johanna's signature.

Thank you,

Joe

**Subject:** Draft Letter to CFAC

Attached is the draft letter in response to A. Otis's letter on behalf of CFAC requesting that Superfund Alternative approach be taken at the Anaconda Aluminum Columbia Falls Site. I have included comments from Mark Chalfant on this letter. Please provide me your comments on the letter. I also attached A. Otis letter for reference.

I had set up the letter to be signed by Johanna Miller. Let me know if you think this is the appropriate person to sign the letter. I have not gotten direction from the RA's office yet.

Victor
